REACH COMPLIANCE CERTIFICATE

EECO Switch is aware of and supports the European REACH Directive regarding the production and use of hazardous chemicals.

EECO Switch does not manufacture or distribute chemicals of any type, nor do any of our products incorporate any chemical which may be released during the normal function and use of the product. Further, based upon our current manufacturing processes and review of available information from our suppliers, to the best of our knowledge and belief no chemical identified in the June 20, 2013 list of Substances of Very High Concern (SVHC) is present in, or used in the manufacture of, any EECO Switch product.

We continually review our materials, processes and vendors to remain compliant with the latest SVHC list and REACH directives.
